

# Doesn't look like your account is syncing on your personal device? Try these steps:

1. From main Google home screen, sign in:

2. Either choose your account (if you've logged into Google with your CKSD account at home before)

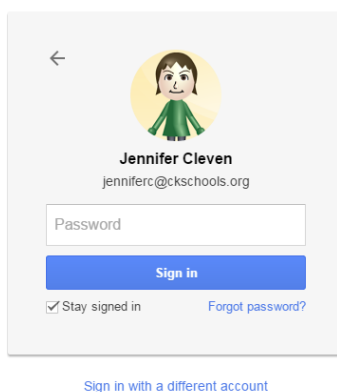

Or click "add account" and type in your CKSD Google login.

3. Type in your password, and click "sign in".

Click "stay signed in" if you are the only user on that computer (if you share with your family, you might not want to check that box).

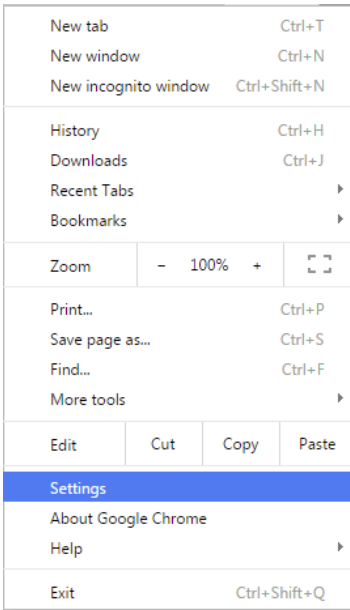

4. You should now see something like this in the upper right of your Google screen:

5. Above that, look for three little lines (“hot dogs” or “hamburger”):

6. Click these, and you will get this menu:

Choose “Settings”

7. From here, click “Sign in to Chrome” - yes, do it again if prompted.

Chrome Sync

Chrome Sync can save your bookmarks, history, passwords, and other settings securely to your Google Account and allow you to access them from Chrome on any device.  
The counts below represent all stored items, including those not visible in Chrome.

Apps	Extensions	Settings
20	13	39
Autofill	Omnibox History	Themes
2210	120	1
Bookmarks	Passwords	Open Tabs
21	58	99

**Having trouble with sync or your passphrase?**  
Reset sync to clear your data from the server and reset your passphrase. This will not clear data from your devices. Sign back in to Chrome to start syncing.
